Subject: License Application for The Tytherington Club

Dear Sir / Madam,

I am writing to object to the license application made by The Club Company UK in respect of the premises known as The Tytherington Club, 90 Dorchester Way, Macclesfield, SK10 2JP.

As someone who lives in close proximity to the Tytherington Club I feel that if the license was approved it would cause considerable noise disruption to the surrounding residential area. The terms of the application allow for live music outdoors until 1am every night of the week and recorded music outdoors 24 hours a day, 7 days a week. While weekends would probably be understandable (I'm not a total grouch) there are a large number of children and people who need to be up for work early in the mornings living within the area that would be negatively affected by any late night noise midweek.

Thank you and kind regards,

[REDACTED]
