Subject: ref:The Club Company Ltd

Dear Sir or Madam,

Regarding the License Application for subject company we are strongly objecting to live music and recorded music outdoors, Monday to Sunday, 24 hours per day. This is totally anti-social in a residential area and should not be approved or granted.

We live approx. [REDACTED] metres from the Club, members of the golf club and the noise from outside loud music, 24 hours a day would be unacceptable.

The present owners of the Club do not currently choose to play outside music 24 hours a day but that may or could change in the future.

Could you please reconsider and modify this application.

Yours sincerely,

[REDACTED]
