Dear Sir or Madam:

We note the application for a variation to the Premises licence at the above address. We live at [REDACTED] which is very close to 55 Degrees. There are other residential properties nearby.

We wish 55 Degrees every success. However we are concerned about the proposed end of supply times. We are close neighbours and there will be noise from the premises particularly in summer months. We have been disturbed by noise from these premises before. Noise continues after end of supply as customers disperse. Therefore we would like the end of supply times to remain on Sundays at 22.00.

We would not like any music to be played in the outdoor area at 55 Degrees. We fear it would spoil the enjoyment of our garden, especially in summer months.

We also hear noise from [REDACTED] and [REDACTED] and [REDACTED]

On a more general note, we are concerned about extended alcohol supply/ sale times. Alcohol consumption affects judgement; social distancing and other COVID safe guidelines are then likely to be ignored or forgotten. Therefore for public health concerns, we feel that extending time when alcohol can be sold is to be avoided.

We look forward to your reply.

Yours faithfully,

[REDACTED]
